

## What a Difference 48 Hours Can Make

Outside the Peachtree Club on Monday.

Outside the Peachtree Club last night.

The [Rooster](#) stopped in **999 Peachtree** on Monday to check out all the current construction, including a complete renovation of the Peachtree Club and the addition of a bocce ball court. When we heard a tenant event would be hosted less than 48 hours later, we had to stop in and see the finished product. The outside patio is just incredible, as you can see. Kudos to **Cousins** for making it happen!
